

At Straits, we want to develop our pupils to...

enjoy participating in new experiences

be happy in who they are

ask for help and support when needed

understand they are part of a wider world - be a good citizen

work collaboratively

be respectful, kind and care about others

be confident and believe in themselves

manage their emotions and communicate how they feel

understand and respect differences

build healthy relationships and have friends

be reflective and have empathy

have high aspirations for themselves - be proud!

feel secure and valued

take responsibility for their actions

be a Straits Model Citizen...

be effective communicators

be effective readers, writers and mathematicians

be physically active

understand how to live a healthy lifestyle

be computer literate

be resilient and learn from their mistakes

know how to keep themselves safe, including online

understand and apply what they have learnt

contribute to a changing world

use digital technology responsibly

be independent and use their initiative

problem solve and persevere when things get trickier

know the difference between right and wrong
